COMMENTS FROM THE CHIEF EXECUTIVE OFFICER

“The deployment of our solid execution at the point of sale, efficient price-pack initiatives, and the operating discipline that sets us apart, enabled us to capitalize on the favorable consumer climate and economic reactivation, with volume growth in all the markets we serve, as well as increases in revenues and EBITDA of 13.8% and 11%, respectively. These results partially offset the effects of high volatility in the price of our key inputs”, explained Arturo Gutiérrez, Chief Executive Officer of Arca Continental.

As we look ahead in 2022, we will remain focused on maintaining the growth momentum in sales through the use of innovative and sustainable commercial strategies that meet the needs of our customers and consumers, in order to continue delivering solid financial and operating results that exceed the expectations of our shareholders”, he added.

FINANCIAL ANALYSIS

INCOME STATEMENT

- Net sales for 1Q22 reached Ps. 46,065 million, an increase of 13.8% compared to 1Q21, due to strong volumes and the deployment of an effective price-pack strategy.
- Sales volume in 1Q22 grew 6.1%, excluding jug water, mainly from growth in the stills and personal water categories, up 13.5% and 8.5%, respectively.
- Cost of sales increased 15.4% as a result of the increase in raw materials, specifically PET.

- Consolidated gross profit increased 12.0% to Ps. 20,608 million, representing a gross margin of 44.7%, 80 basis points lower than last year.
- Selling and administrative expenses rose 9.8%, from Ps. 13,222 million to Ps. 14,512 million in 1Q22; this line item continues to reflect our operating discipline to align expenses to sales performance.
- In 1Q22, consolidated operating income grew 19.5%, reaching Ps. 6,282 million for an operating margin of 13.6% which was 60 basis points higher than last year. Non-recurring expenses in 1Q22 decreased 91.7%, mainly due to distribution restructuring projects that were carried out during the 1Q21.
- Consolidated EBITDA for 1Q22 increased from Ps. 7,681 million to Ps. 8,527 million, 11.0% above the same period last year, for an EBITDA margin of 18.5%, 50 basis points lower than 1Q21.
- Integral cost of financing for 1Q22 was Ps. 920 million, stemming from a lower exchange rate gain versus last year.
- In 1Q22, income tax reached Ps. 1,638 million, 14.2% higher than 1Q21, at an effective rate of 30.1%.
- Arca Continental reported net income of Ps. 3,094 million for 1Q22, 19.7% above 1Q21, reflecting a margin of 6.7%, for an increase of 30 basis points.

BALANCE SHEET & CASH FLOW STATEMENT

- As of March 31, 2022, the cash balance was Ps. 34,981 million and total debt was Ps. 50,234 million, for a net debt position of Ps. 15,253 million. Net Debt/EBITDA ratio was 0.4x.
- Net operating cash flow reached Ps. 6,936 million as of March 31, 2022.
- CAPEX for the period totaled Ps. 1,594 million, mainly allocated towards returnable bottles, coolers and commercial and execution capabilities at the point of sale. In addition, investments were made in the automation and digitalization of processes across the value chain and the modernization of IT systems.

Mexico

Arca Continental reports its information for three regions: Mexico, United States and South America, (which includes Peru, Argentina and Ecuador). Each region includes results for both beverage and complementary businesses.

OPERATING RESULTS FOR MEXICO

- In 1Q22, net sales for Mexico reached Ps. 18,279 million, an increase of 10.4% compared to 1Q21.
- Sales volume grew 3.5% in the quarter to 233.8 MUC (excluding jug water). Average price per unit case, excluding jug, increased 6.7% to Ps. 72.87, resulting from a price increase carried out in 4Q21 and a positive impact from the sales mix of packages.
- During 1Q22, EBITDA for Mexico rose 3.2% to Ps. 3,969 million, representing a margin of 21.7%, 150 basis points lower than 1Q21.

- Single-serve packaging sales increased 2.4% in the quarter driven by the growth of the on-premise, convenience store, supermarket and entertainment channels, mainly in the 600ml, 1L and 250ml one-way packages. These product formats represented over 75% of the growth.
- The still beverage category posted the highest growth in 1Q22, primarily from growth in Powerade with 21% and Fuze Tea with 43%, resulting from increasing coverage in the traditional channel and innovating new flavors and packages, such as Powerade Fit and Fuze Tea Apple-Cinnamon.
- In 1Q22, we launched a new personal package of 250ml non-returnable PET for sparkling beverage category with the slogan “*Amigos del Bolsillo*” (or “Wallet Friendly”). This new presentation provides affordability and allow us to attract new consumers and capture additional market share in the traditional and modern trade channels.
- The on-premise channel grew 20.5% in 1Q22, capitalizing on its recovery and stemming from the activation of new customers, exclusive promotions, virtual training and incentive program for our sales force.
- We continued to expand the capabilities of our AC Digital platform, accumulating more than 116 thousand active customers, an increase of 6% when compared to the previous quarter. As of March, over 13% of total orders were taken through this platform.
- The new formula of Coca-Cola Sin Azúcar continued posting positive results with 16.1% growth and increased coverage to reach 85.6%
- Bokados in Mexico posted double-digit growth in both sales and EBITDA, resulting from price increases and a continuous savings plan. The modern trade channel posted the highest growth due to the implementation of savings strategies and an optimum handling of discounts.

United States

The U.S. includes the beverage businesses of CCSWB and the snacks businesses of Wise and Deep River.

OPERATING RESULTS FOR THE U.S.

- Net sales for the U.S. increased 15.0% to Ps. 17,429 million during 1Q22, mainly due to our price-pack strategy. Sales volume grew 0.9% to 101.3 MUC, driven by growth in the stills and flavors categories, both up 5.6% year over year.
- EBITDA for the U.S. reached Ps. 2,316 million in 1Q21, an increase of 15.8% and representing an EBITDA margin of 13.3%, for a 10-basis point expansion when compared to 1Q21.
- Net price rose 13.6% in the first quarter, with a true rate increase of 10.4% driven by the off-cycle price increase carried out last year and a positive mix impact of 3.2%.
- Volume growth this quarter was driven mainly by the recovery of the on-premise channel and large stores, which increased 13% and 1.1%, respectively. The growth stemmed from strong demand and execution initiatives at the point of sale that stimulated volume growth of more profitable packages.
- The sparkling beverage category grew 1.3% in 1Q22 mainly driven by 5.5% growth in the flavors category and the positive trend experienced in brands Sprite Zero and Fresca, which grew by double-digits.
- During the first quarter, the single-serve presentations rose 1.3% as the on-premise channel continued to recover and consumers began to resume pre-pandemic activities.

- In the first quarter of the year, we completed the first development phase of a demand forecasting tool based on consumption patterns, aimed at applying Artificial Intelligence capabilities that improve our abilities to better forecast and fulfill demand.
- Our e-commerce strategy remains strong thanks to myCoke e-commerce platform. As of 1Q22, we have over 16,000 active customers in the on-premise and convenience store channels, representing an increase of 50.7% over last year. Sales through myCoke represented 11.4% of total sales.
- In 1Q22, we launched a limited edition of Coca-Cola Starlight, aimed at attracting new, younger consumers using innovative packaging and new attractive flavors; we launched it in 20oz and mini cans, with coverage reaching 72.8% in large stores and 73.8% in convenience stores.
- Wise, our snacks business in the U.S., registered double-digit sales growth driven by an increase in prices and a positive volume performance. To offset the increase in raw material prices, we continued implementing savings plans that included the optimization of freight costs and better management of discounts and promotions. We also carried out a product rationalization process and brand portfolio optimization.

South America

South America includes beverage operations in Peru, Argentina, Ecuador and the Inalecsa snacks business.

OPERATING RESULTS FOR SOUTH AMERICA

- The South America division registered net sales growth of 18.3%, to Ps. 10,357 million in 1Q22. This was largely driven by the increase in volume in all three operations and price increases mainly in Peru and Argentina.
- Total sales volume for South America reached 155.3 MUC, an increase of 13.9% compared to 1Q21, driven mainly by a 19.2% increase in the still beverage category and 13.8% in sparkling beverages.

- In 1Q22, EBITDA for South America rose 22.1% to Ps. 2,243 million reflecting a margin of 21.7%, for an expansion of 70 basis points versus 1Q21.

Peru

- In 1Q22 sales volume increased 12.5%, stemming from growth in the sparkling and stills categories, up 14.8% and 9.9%, respectively, driven by a comprehensive commercial and marketing strategy.
- Average price rose 5.7% in the first quarter from the combination of a 4.0% true rate increase from price adjustments and a positive mix effect of 1.7%.
- The sparkling category grew 14.8% in the first quarter, from the recovery mainly in personal packages. This growth resulted from launches of Inca Kola Power 410ml and Fanta Piña 500ml, multi-serve packages in the modern trade channel and supported by the easing of mobility restrictions following the pandemic.
- Multi-serve returnable packages posted the best performance, supported by a strategy of offering greater affordability to the consumer. Value share rose 1.1 percentage points, reaching 73.5%, which is the highest result in the last 13 months.
- We continued accelerating our digital transformation through AC Digital, reaching 65 thousand ordering customers per month. In addition, the AC Móvil (“AC Mobile”) and Pedido Sugerido (“Suggested Order”) tools help our sales force manage orders more efficiently and evaluate their performance in an automatized way.

Ecuador

- In Ecuador, during 1Q22, sales volume rose 4.4%, mainly from growth in stills and personal water categories of 24.6% and 9.3%, respectively.
- The stills category reported the highest growth mainly driven by the traditional channel; the isotonic and tea categories posted the largest growth rates of 2.0% and 36.8%, respectively.
- The mix of single-serve packages posted a solid performance with an increase of 3.2 percentage points due to the recovery of the on-premise channel and the deployment of commercial strategies to increase sales volume of these formats.
- Growth was driven by the on-premise and traditional channels with increases of 14.4% and 2.7%, respectively. These results are attributed to the new service models, as well as effective management of client reactivations.
- Inalecsa registered high single-digit sales growth and double-digit EBITDA growth due to strong volumes and price adjustments carried out during the quarter. We protected profitability with a plan for optimizing expenses that helped offset the increase in raw material prices.
- In the first quarter, net sales for Tonicorp grew by a high single-digit as a result of improved volumes and a strategy focusing on high value-added products. We gained market share mainly in the flavored milk category.

Argentina

- In 1Q22, sales volume grew 27.7%, stemming from growth in all categories and channels, namely the on-premise and modern trade with 50.8% and 47.9% volume increases, respectively.
- The sparkling category rose 25.3%, led by brands Coca-Cola, Fanta and Sprite which were boosted by the strategic expansion of affordable packages in multi-serve returnable and one-way formats.
- During the quarter we innovated flavors of Fanta “Pomelo” (grapefruit) and “Manzana” (apple) in the sparkling category, which helped us capture more customers and additional volume that led to double-digit volume growth in this category.

ESG

- In Mexico, Arca Continental, in an alliance with Fundación Coca-Cola and World Wildlife Fund, signed an agreement to develop sustainable aquifers using nature-based solutions that will help increase the availability of water in the state of Chihuahua.
- We reinforced our commitment to reduce the use of resin in plastic packaging, becoming the first bottler in North America to lightweight our 12-ounce PET presentation from 22 to 14 grams, by using state-of-the-art technology that incorporates an ultra-thin protective layer of glass in the insides of these bottles.
- In Ecuador, we closed the program “*Agua por el Futuro*” (or “Water for the Future”) in the Carmen de Jadán de Ecuador community, where we carried out activities to protect 14 water sources and restore 49 hectares.
- Through the initiative “Programa DAR”, we trained over 2,000 people in inclusive recycling best practices, setting up four new collection centers in the cities of Quito and Guayaquil and carrying out three programs to recover waste. As of result of this project, we were able to recover more than 2,000 tons of waste, 45% of which was PET.
- During 1Q22, we launched the campaign “*El Amor Multiplica*” (or “Love Multiplies”), a project in which we develop initiatives under four categories: fostering female talent, community wellness, protection of water and a culture of recycling. Through this initiative, we have supported more than 400 thousand women and entrepreneurs with training programs, thus generating over 100 thousand new jobs.
- In Argentina, we donated 20,000 liters of water to firefighter and volunteers that worked to put out the forest fire that covered nearly 10% of the total area of the Corrientes.
